

# Medical Terminology

## Urinary System Terms

Name \_\_\_\_\_ Period \_\_\_\_\_

### Part I: Define the following prefixes, suffixes, and root words

- |                     |                     |
|---------------------|---------------------|
| 1. cyst/o _____     | 30. vesic/o _____   |
| 2. glomerul/o _____ | 31. meat/o _____    |
| 3. nephro/o _____   | 32. ren/o _____     |
| 4. pyelo _____      | 33. ureter/o _____  |
| 5. urethr/o _____   | 34. -itis _____     |
| 6. erythr/o _____   | 35. poiesis _____   |
| 7. albumin/o _____  | 36. blast/o _____   |
| 8. glyc/o _____     | 37. glycos/o _____  |
| 9. hydr/o _____     | 38. lith/o _____    |
| 10. noct/i _____    | 39. olig/o _____    |
| 11. poly _____      | 40. son/o _____     |
| 12. -tripsy _____   | 41. tom/o _____     |
| 13. urin/o _____    | 42. ur/o - _____    |
| 14. -ology _____    | 43. ist _____       |
| 15. ven/o _____     | 44. -iasis _____    |
| 16. -esis _____     | 45. -lysis _____    |
| 17. -megaly _____   | 46. -orrhaphy _____ |
| 18. -trophy _____   | 47. a _____         |
| 19. hyper _____     | 48. -uria _____     |
| 20. hemat/o _____   | 49. -cele _____     |
| 21. -oma _____      | 50. -emia _____     |
| 22. stenosis _____  | 51. -otomy _____    |
| 23. -plasty _____   | 52. -ectomy _____   |
| 24. -ostomy _____   | 53. -pexy _____     |
| 25. -gram _____     | 54. -graphy _____   |
| 26. -scopy _____    | 55. -scopy _____    |
| 27. intra _____     | 56. py/o _____      |
| 28. dys _____       | 57. an _____        |
| 29. diure _____     | 58. -meter _____    |

### Part II: Words to Define (You may use a medical dictionary)

1. pyelonephritis \_\_\_\_\_
2. uremia \_\_\_\_\_
3. cystocele \_\_\_\_\_
4. ureterostenosis \_\_\_\_\_
5. cystolithotomy \_\_\_\_\_
6. nephrostomy \_\_\_\_\_
7. pyeloplasty \_\_\_\_\_

Medical Terminology

- 8. intravenous pyelogram \_\_\_\_\_
- 9. nephrosonography \_\_\_\_\_
- 10. diuresis \_\_\_\_\_
- 11. oliguria \_\_\_\_\_
- 12. cystopyelography \_\_\_\_\_

**Part III: Words to Create**

- 1. instrument to measure urine (rw/v/s) \_\_\_\_\_
- 2. visual examination of the kidney (rw/v/s) \_\_\_\_\_
- 3. difficult urination (rw/s) \_\_\_\_\_
- 4. blood in the urine (rw/s) \_\_\_\_\_
- 5. sugar (glucose) in the urine \_\_\_\_\_
- 6. one who specializes in the urinary system (rw/v/s) \_\_\_\_\_
- 7. x-ray film of the bladder and urethra (rw/v/rw/v/s) \_\_\_\_\_
- 8. visual examination of the bladder (rw/v/s) \_\_\_\_\_
- 9. surgical fixation of the urethra (rw/v/s) \_\_\_\_\_
- 10. surgical crushing of a stone (rw/v/s) \_\_\_\_\_
- 11. suturing of the bladder (rw/v/s) \_\_\_\_\_
- 12. urination at night (rw/s) \_\_\_\_\_
- 13. excision (removal) of kidney (rw/s) \_\_\_\_\_
- 14. condition of stones in the kidney (rw/v/rw/s) \_\_\_\_\_
- 15. inflammation of the glomeruli of the kidney \_\_\_\_\_
- 16. stone in the bladder (rw/v/s) \_\_\_\_\_
- 17. narrowing of the ureter (rw/v/s) \_\_\_\_\_
- 18. abnormal condition of water in the kidney (rw/v/s) \_\_\_\_\_
- 19. removal of the bladder (rw/v/s) \_\_\_\_\_
- 20. incision of the renal pelvis to remove a stone (rw/v/rw/v/s) \_\_\_\_\_
